Dear Sir,

I'm Hyder Raza, a beneficiary student of TMT. I have completed my B.Tech in 2012 and PGDC in Thermal power plant engineering from National Power Training Institute, Nagpur. By Allah's grace and TMT's support, I'm working in SPGCL(SKS Power Generation Chattisgarh Limited) 4x300MW Thermal power plant in Raigarh as a Jr. Manager since Sep 2013. I am indebted to TMT for assisting me in my education.

Thanks & Regards
