

Respected Sir,

Salamun Alaikum,

I am obliged to you, TMT, and your team for assisting me in completing my M. Tech in Computer Science & Engineering from Dr. MGR University, Chennai. I secured a 76 per cent.

I still remember the day I met you and Mr. Hussain and spoke about my inability to complete my higher education due to my family's financial constraints.

I pray that TMT always continues to assist underprivileged people in attaining higher education.

Thanking you,
