## OUR MISSION

To empower the underprivileged members of Indian society to become progressive, prosperous and self-reliant citizens of India, and the world at large.

## THE VISION

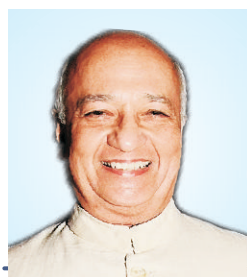

To develop educational, health and moral potential of the underprivileged and most vulnerable members of society having meagre resources, establishing educational and training institutions, healthcare centers and adapt programs that promote individual responsibility and community participation.

## DR. KALBE SADIQ SAHAB'S MESSAGE IN FIRST TMT REPORT 1980-83

The response was very encouraging. The noble and generous hearted gentleman provided the boy with sufficient money to enable him to put his heart and soul in his studies. The result was astounding. The boy not only secured First Division but also First Position in his final examination. He was thereafter, after a competitive examination, selected for training in sugar technology in the National Sugar Institute, Kanpur. After successful training of 2½ years there, by the Grace of God, he is now employed as Production Chemist in the Government Sugar Factory at Nanital. May God bless Mr. Jafarali Asil whose benevolence moulded the life and future of a helpless youth.

This incident led me to realise that there could be many more boys and girls facing similar circumstances.

Encouraged by the success of my experiment I thought of, and worked out a scheme so that financial help and assistance could be rendered to poor but intelligent and promising students. This laid the foundation of "Tauheedul Muslimeen". It gradually developed through the kind attention and regular as well as casual financial assistance from the benevolent persons who not only form the nucleus but also are the perennial source of aid to the organisation.

The scheme has proved successful and quite a large number of talented but poor boys and girls, after completing their academic career, have succeeded in attaining a sound and honourable position in life. Details of such boys and girls are given in the attached Annexure.

With the aforesaid end in view, scholarships are now being sanctioned to the poor and deserving youths,

with particular attention to the following qualifications and conditions :—

- (a) They must be intelligent and diligent,
- (b) They must be honest and religious-minded,
- (c) They must be leading a disciplined life.

Religious books are also supplied to them free of cost. They will be tested off and on, to ensure that they fulfil the required qualifications as per conditions of application form. Scholarships are sanctioned on the form prescribed by the Organisation. In the event of the particulars furnished by the beneficiaries being found incorrect or in case of their failure in the tests, the scholarship will be stopped forth with.

Maulana Syed Hasan Naqvi Mujtahid, the President, and myself are constantly on tour throughout the length and breadth of the country and as such we get an opportunity of directly contacting the beneficiaries and getting first hand information about them.

Many brilliant but poor students from outside Lucknow have to face certain other obstacles. The housing problem is the toughest. Hostels are too costly and accommodation in the city being scarce, something has to be done to overcome the situation. To tide over the problem, it is considered that some of the rooms in Imambara Ghufraan Ma'ab, Lucknow may be reserved for such students. It may not be out of place to mention here that this Imambara was constructed some two hundred years back by Ayatullah ul Uzma Maulana Syed Dildar Ali

Saheb, popularly known as Ghufraan Ma'ab, who was the reviver of Shiaism in India. It also has a mosque attached to it. This historical and world-renowned Imambara which was the first Imambara constructed in India and contains the graves of the most pious Ulema, Mujtahids, martyrs, great scholars and poets as well as Momineen, is known as India's Vadi-us-Salam. It however suffered decay with the times. Some repairs were done by Nasirul-Millat Maulana Nasir Hussain Saheb about 70 years ago and thereafter by my late father, Maulana Syed Kalbe Hussain Saheb, in 1954, when quite a few rooms were also constructed. Unfortunately, as the result of an earthquake and torrential rains some three years back, this historical Imambara was practically razed to the ground. However we are all thankful to Col. Syed Bashir Hussain Zaidi ex V. C., Muslim University, Aligarh under whose kind patronage this holy Imambara is now being reconstructed and renovated involving a huge amount. For the information of those who may be interested, it may be mentioned that while only a quarter of the reconstruction scheme has been implemented, a sum of approximately Rs. 3,00,000/- has so far been spent. The speed of the reconstruction is slow due to paucity of funds.

It has been decided that the rooms around the compound of this Imambara which are now rented to the Zardozi workers, be got vacated and reserved for such poor and promising students who do not find any accommodation elsewhere in the city. As a matter of fact two rooms have already been allotted to such students. Such a move, besides providing the students with a religious and congenial atmosphere, will also help them in attending their daily prayers and the religious discourses in the

mosque attached to the Imambara.

### Other Charitable activities

Dr. Ali Zaheer, M. B. B. S., a beneficiary of this Organisation is now practising in an area thickly populated by Shias. He has been advised that poor Shia patients should be given medicines from his dispensary free of cost. The cost of medicines is re-imbursed to him by this organisation. However, due to limited resources, such expenditure can be incurred only to a limited extent. This scheme can be expanded to other areas if more funds are available. Arrangements have been made to open a free eye camp some time in December 83, through which eye operation services will be provided to at least 50 poor and needy eye patients free of cost. Dr. Ram Kapoor M. B. B. S. M. S. (Ophtlm) has very kindly offered his free service for this camp.

Regular monthly as well as ad-hoc grants are also being given to widows, orphans, the sick and destitutes. Some monetary assistance is also given for the marriages of poor girls and for the burial of the poor and the destitutes. Such grants are simply insignificant but in this context we are following the maxim "Something is better than nothing".

There are scores of persons who though poor are so self-respecting that they will never make a request. A list of such persons is also under compilation and possible assistance will be rendered to them without any one else knowing it.

I will not hesitate to admit that we have failed in one field. Financial assistance was given to some persons for

business also. Unfortunately not a single case turned out to be successful and the money so advanced was also blocked. May be it was due to our lack of experience and knowledge in this field. I shall be too glad and obliged to receive suggestions in this respect so that deserving and needy persons may be benefited in this sphere also.

I may also submit that the funds allotted for academic purposes are distributed throughout the country, but the major portion of the amount received for other charitable purposes has so far been utilised in Lucknow. Efforts are however afoot for the distribution of such donations to the deserving persons of other places also in greater proportion to the extent possible.

Bank Accounts of 'Tauheedul Muslimeen' have been opened with the following banks :

(1) DENA BANK, Hazratganj, Lucknow  
Account No. 6917.

(2) UNION BANK OF INDIA, Aminabad, Lucknow  
Account No. 5099.

The Committee of 'Tauheedul Muslimeen' consists of :

- (1) Maulana Syed Hasan Naqvi, Mujtahid. President
- (2) Dr. Syed Kalbe Sadiq. Secretary
- (3) Mr. A. I. Q. Qazilbash, Supdt. of Police (Retd.) Member
- (4) Mr. S. Mukhtar Husain, Principal (Retd) Member

- (5) Mr. Syed Mohd. Rizvi, Supdt. Engineer. Member
- (6) Mr. M. M. Golam Hussain. Member

Scholarships to students and charitable grants to destitutes, widows and orphans are given on the forms prescribed by the Organisation. Particular attention is paid to the fact that the recipients are religious-minded, are aware of fundamentals of Shia faith and follow them in their life. Specimen of the form prescribed for grant of scholarships is given as Annexure. 'A'

A summarised account of the donations received and distributions made up to 31-7-1983 is shown in Annexure 'B'.

The estimated expenditure for the academic year 1983-84, for disbursement of scholarships and adhoc grants for educational assistance such as purchase of books. etc , as well as for aid to destitutes, widows and orphans, as charitable grants, is shown in Annexure 'C'.

Brief particulars of students to whom scholarship was granted and is being granted are shown in Annexure 'D'.

Lucknow.  
August, 1, 1983

**Syed Kalbe Sadiq**  
Secretary

## FROM **SECRETARY'S** DESK

Since independence our country as well as our community has advanced economically, socially and globally but still we are way behind and woefully out of pace with the international progress. We have transited through the dark period when the majority of people were indifferent towards educating their children. These days everyone desires to get his/her children educated. Numerous numbers of government and private schools have been established to cater to the growing need. However, the education one gets in these schools, specifically in rural areas, is way more different in quality aspects. Majority of these schools fail to deliver affordable quality education and as a result children attending such schools are still short of quality education which has the power to give them the knowledge, skills, and confidence to reach their full potential towards employability which in turn acts as a bulwark against poverty and exploitation.

Poor quality of education is not only limited to schools but even institutes offering professional and higher education are also lacking in quality of education and training and as a result students graduating out of such institutes don't have skills good enough to make them employable.

In this scenario it becomes more important for us to adopt measures to ensure that our children get quality and employability driven education so that with time they are not left behind in today's highly competitive world.

The need of the hour is that all stakeholders in the education sector should work on a blueprint to adopt the following measures to facilitate our students in getting employability driven quality education.

- Promote conceptual based learning by minimizing rote learning.
- Enhance numerical and English language skills of our children right from the beginner's level.
- Integrate communication skills, personality and computer literacy development programs as part of curriculum starting from primary classes onwards.
- Professional career counselling of the students from grade seven onwards so that students are able to choose their career paths based on their aptitude and interest with due clarity and confidence.
- Promote, educate and motivate students to get enrolled in vocational courses from accredited ITI's and polytechnics instead of seeking admissions in substandard colleges/institutes and in substandard courses.
- Students with merit and aptitude are not quite confident of their capability and their potential hence they need to be counselled to prepare to pursue accredited futuristic courses from premiere institutes, universities. (Central Universities, IIM's, IISc's, NIFT, NID, NDA, IMA, TISS etc. Government medical schools and reputed Research Centers don't have a visible presence of our students.

We at TMT are trying to work and incorporate these measures in our schools and programs, though we have progressed successfully to a certain level but still we have lot more to achieve towards quality.

Its an age-old dictum that "Taaleem" (education) goes hand in hand with "Tarbiyat" (upbringing or grooming). Hence, we need to give equal importance to proper upbringing of our children along with quality education.

Our society is witnessing deterioration in the quality of upbringing and grooming (Tarbiyat) of our children. We usually attribute this serious problem to the busy life of the parents- as they tend to spend less or hardly any time with their children- and growing misuse of social media and changing family structure from joint family to nuclear family.

My personal experience which adds to the list is that parents are evading their prime responsibility by passing it on to the school and its teachers, whereas it's a joint responsibility in which parents play a major role.

Irrespective of its root causes, parents need to work seriously towards this equally important issue of much needed immaculate upbringings of our children by participating proactively to inculcate high moral, ethical, human and spiritual values in our children so that they may develop character and confidence to evolve into a good human being and socially productive and responsible citizen.

Mothers have always played a pivotal role in shaping the future of our children and leaving behind a generation which outshines their predecessor. Hence, we at TMT have also preferred to partner with mothers in all our programs. To strengthen the element of "Tarbiyat" of children we have launched a project called "Tarbiyat". The objective of the program is to educate, train and motivate mothers towards holistic upbringing of their children. Two years of Covid has pushed the program onto the back burner. We have worked out to launch a pilot project of 'Tarbiyat' again from the new session. Initially we shall be working with mothers from underprivileged families whose children are enrolled in our free education program. Team members visit homes to observe and evaluate the living condition / environment and interact with mothers on one-to-one basis as part of their need assessment exercise. Based on the need analysis they choose topics and organise orientation lectures for these mothers in manageable groups using audio-video aids.

There is no free lunch – successes are achieved by making sacrifices, determination and hard work in the right direction. Preparing a generation of higher calibre is a herculean task, especially for mothers who never got an opportunity to attend schools. But I have a strong conviction that the investment we put jointly into our children and sacrifices we make today by providing "Taaleem with Tarbiyat" will help them to achieve greater heights and create a brighter future irrespective of their socio-economic status.

Before I conclude, I, also, wish to use this opportunity to convey my gratitude to all our well wishers, supporters, donors and team members for taking TMT and its projects from one level to another. Whatever has been accomplished is due to grace of The All Merciful and support of our stakeholders but still , we have miles to go ,and considerable qualitative and quantitative scaling needs to be achieved by TMT team towards empowering the underprivileged by providing them means for quality education, healthcare and general wellbeing.

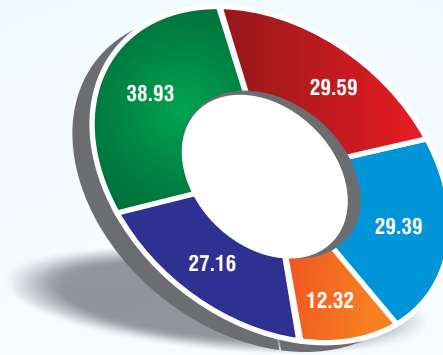

Kind regards and best wishes

**Najmul Hasan Rizvi**

# INSTITUTIONS ESTABLISHED BY TMT

## UNITY COLLEGE LUCKNOW

The college was established in the year 1987 under the aegis of TMT . It has affiliation with CISCE board and the college today imparts education to over 2000 students from nursery to class XII and apart from imparting quality education ,the college aims at holistic development of the student by inculcating in them values of responsible citizenship, peace, compassion and mutual coexistence. Spread over a 5.75-acre lush and beautifully landscaped campus and total constructed areas of 75,000 square feet, Unity College boasts state-of-the-art facilities such as Activity Room- a space for students to express themselves; advance e-learning tools supported by smart classrooms

equipped with digital smart boards and LCD projectors; and a host of extracurricular activities designed to ensure creative, uninterrupted and joyful learning for its students.

Budding sport enthusiasts can look forward to an array of sport options ranging from a well-maintained football field, a cricket ground, a basketball court, a volleyball court, a badminton court to table tennis facilities

TMT is thankful to the families of late Mr Roshan Merali, Mr Sultan Ali Jethabhai, Mr Shokat Alibhai, Mr Mustafa Kassam and M/s Sajjadiyya Trust for their support to Unity College

## HIGHLIGHTS / ACHIEVEMENTS

Some of the major activities undertaken and achievement thereof during the year 21-22 are as under :

- Unity College recorded stupendous ICSE and ISC Results, maintaining the legacy of 100% in 2021.  
In ICSE, 22 students scored 90%-97%, and overall we maintained an average aggregate of 83.06%.
- In ISC, 45 students scored 90%-97.50%, and overall we maintained an average aggregate of 87.08%.
- A novel mentoring programme named "Rehnuma" was launched successfully for class VIII to XII and aspiring pass-outs under the Programme Lead Mr. Mohd

Ahmad, Scientist and Engineer at ISRO.

- The programme aims at developing the young minds and providing them the right environment so as to enable them achieve success in life and in their chosen career.
- The twin siblings, Mehdi Hasan Naqvi and Mahira Naqvi, from UN-A of Unity College participated in the Second International Ismat Competition and won laurels to the College by registering the VII rank.
- Our students gave an exceptional performance in Discovery Super League Season 4, and Aaira Farhan (III A) in Sub Junior, S. Zaman Naqvi (VI B) in Junior, and Sara Ali Khan (IX C) in Senior Categories received Smart Gifts

-a school bag and a water bottle each with BYJU'S coupons.

- Three of our Primary students emerged winners of the Queen Commonwealth **Essay Competition:**

\*Kinza Fatima - I-C

\*Areeba Mehdi Husain-III-A

\*Syed Saqib Ahmed Rizvi-III-B

- Hope Initiative Group presented Tara Modi Educational Grant to Innama Jafri of class X (Science) and Tara Modi Laptop Award to Tatheer Zehra of class XII (Science).
- Unity dazzled in the Centennial Day Celebration of Luknow Zoo. Ehsas Zehra of Class VII-A got the 3 rd Prize in

Poem Writing, while Durfishan Fatima and Sara Ziauddin of class XI-A bagged the 1 st Prize in Face Painting.

- The Yaum-e-Iqbal Inami Muqabala Bazm-e-Urdu, Dubai witnessed an influx of entries from India, Pakistan and UAE. Twenty videos were finalized, out of which eight were of Unity students. Finally, Zehra Moosvi VIII-B, bagged the Popular Choice Award with a cash prize of 50 dollars.
- As a part of Daan Utsav-sustainable development goals, the College initiated Nadi Mahotsav as a part of its ongoing Water Conservation project at Jhulelal Park. Following are the winners who were awarded Water Purifier:

Mohd Yunus-V-C, Nashra Fatima-VIII-A  
The Winners of Quiz Session Were :  
Kabir Zaidi- VIII-B, Yusra Husain- V-B ,  
Mohd Yunus-V-C, Tehzeen Fatima- V-B  
And In Extempore, Following Students  
secured to position: Sara Iqbal- VIII-B,  
Fatima Raza -VIII-B, Mohd Yunus-V-C  
while in Greeting Card Making  
Competition Nashra Fatima-VIII-A and  
Unnati-VIII-A were winners.

- Unity Teacher and ANO III OFFICER Ms. Nilofer Jafri was conferred with a trophy at the Felicitation Programme of R. D. Contingent for meticulously coordinating the NCC programme.

Unity College honored the high achievers with following scholarships:

- Late Syed Hidayat Husain Scholarship for the ICSE Toppers in Science and Commerce streams
- Late Mukhtar Hussain Scholarship for the Topper Boy and Girl in ICSE and ISC Math
- Mohini Saxena Special Award/ Scholarship for the Best Student in Pre-Primary, Primary, Secondary and Senior Secondary sections
- Unity College Scholarship for the ICSE toppers.

## KEY OUTCOMES

**100% pass results in ISC (XII) and ICSE ( X) examination for the session 2021-22.**

### In ICSE, out of 104

Numbers of Students	Scored (%)
22 students	90%-97%
40 students	80%-89%
42 students	70%-79%

**Average aggregate of 83.06%.**

### In ISC, out of 132

Numbers of Students	Scored (%)
45 students	90%- 97.50%
71 students	80%-89%
15 students	70%-79%
1 student	52%

**Average aggregate of 87.08%.**

- A novel mentoring programme named “Rehnuma” was launched successfully for class VIII to XII and aspiring pass-outs under the Programme Lead Mr. Mohd Ahmad, Scientist and Engineer at ISRO.
- The programme aims at developing the young minds and providing them the right environment so as to enable them achieve success in life and in their chosen career.
- Many Students achieved Top positions in Online Events at National and International levels.

- Round the year, Unity students and teachers participated in a number of Webinars on Career Counseling, Health and Hygiene, Orientations, Teachers' Training, and Mental Health and Emotional Well Being.
- Unity students actively participated in the webinars organized by Nagoya University, Japan and Kyushu University, Japan.
- Unity teachers attended faculty development webinars organized by SAARC Education (1) Pvt. Ltd., Aseema Charitable Trust-Mumbai, ASISC-UP &

UK, MacMillan Education, ECA & APER

- Unity students as well as teachers were involved in a plethora of activities and seminars during Swachhata Pakhwada, and 'Daan Utsav' in collaboration with Prithvi Innovations and HASNAA Foundation.
- Unity College and Unity College II Shift held a joint programme 'FOUNDER'S MEMORIAL DAY' to offer an enlightening bouquet of tribute to Founder President Late Dr. S. Kalbe Sadiq on his first death anniversary.

## CHALLENGES

- The academic session 2021-22 was full of new challenges for the teachers, students and administration of Unity College. Making a shift from traditional to online teaching was a major challenge to the educators as the suddenness with which they were plunged into this new mode of teaching meant that they went into it with little preparation and then going back to the physical/hybrid mode from the virtual was again a challenge for the students and teachers.
- This unusual situation was tackled with unmatched dedication, commitment and dexterity.
- Limited availability of resources like Smartphones and laptops with students, as well as teachers, was a great challenge in meeting our objectives.
- Re-aligning the system and infrastructure in sync with the demands of on-line teaching was again an area of concern.
- Due to the general financial crisis, parents couldn't deposit the fee.
- The session closed with a huge deficit.

## Way Forward »»

- » Improvement upon numerical and communication skills of our students.
- » Nurturing students self-confidence and self-esteem post pandemic.
- » Covering up on lost learning during the pandemic.
- » Building strong alliances with parents to involve them in school work with their active participation.
- » Improvement on student career counselling, communication skills and student catered teaching program.

## UNITY COLLEGE-SECOND SHIFT

Unity College-2nd shift was established in 1999 under the banner of Tauheedul Muslimeen Trust- a nonprofit organization established by Dr. S. Kalbe Sadiq for the educational, social and material upliftment of the under privileged community.

With a humble beginning and with just 17 students in 1999 ,it has now bloomed into a full-fledged school with 1,500 students who receive free education as part of Unity College Second Shift. We aim to provide equal educational opportunities to children irrespective of their financial backgrounds.

Classes for Nursery all through to Intermediate (Class 12th) are held between 2-6 pm on weekdays with students having complete access to the entire academic and activity infrastructure available to their Unity College morning shift counterparts. Initially a Hindi Medium School the class are being gradually converted to English medium and till 2022 classes up till X have been

successfully converted to English medium to cater to the demands of the globalized and competitive market Unity College-2nd shift is committed to achieving academic excellence. The college imparts education to children from Lower Nursery to Class XII. The College offers Humanities and Commerce stream in Intermediate. The College imparts the knowledge of Maths, Science, Computer Science, G.K., Theology, Art & Craft, English, Hindi and Social Studies.

The institution maintains a judicious blend of academic and co-curricular activities to provide an apt platform for students to display, their innate skills. With this aim in mind various activities like debates, quiz, orientation, competitions, creative writing, drawing and storytelling competitions are organized throughout the year to bring out the best in every child. For the same purpose various sports events like Inter House Badminton, Cricket, Basketball and Kho-Kho matches are also organized.

# HIGHLIGHTS

- 100% pass result in Class X and XII .
- Pre-primary and primary sections adopted English as medium of instruction.
- Teaching taking place as per Montessori system in Pre Primary section of the school
- Student-centered teaching (SCT) adopted in primary section.
- Career counseling sessions by experts for Class X and XII students.
- Online Psychometric Personality Test was also conducted for them.
- Training of teachers by M/S. ASEEMA Mumbai on conducting effective online teaching.

# Pilot study for Wadhvani Foundation-

Skilling course- 21 students participated in this pilot study. This commenced in the month of January and ended in February 2022. Four collaborate sessions were held 17 students completed the course successfully.

Several Class XII graduates secure admission in prestigious institutions like Avadh Girls Degree College, Isabella Thoborn College and Lucknow University.

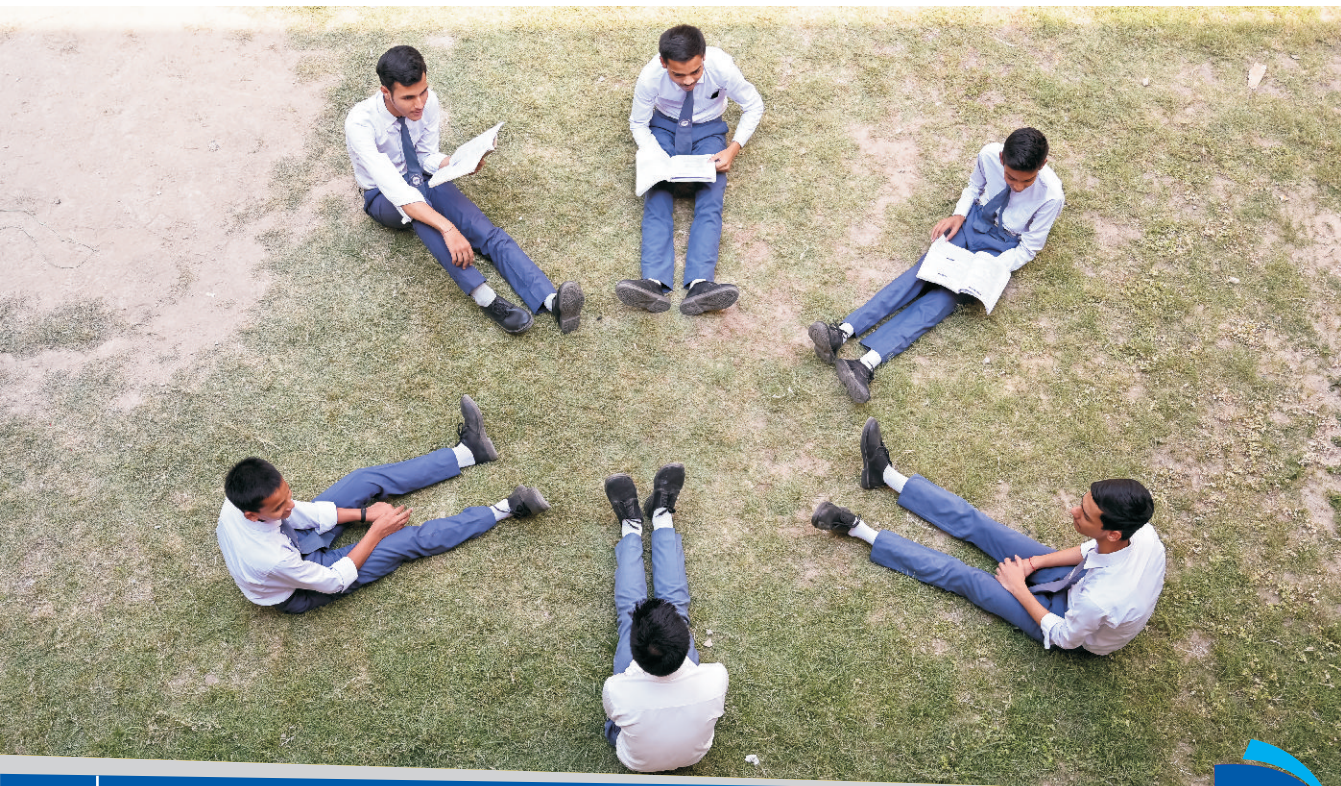

While some male students are pursuing engineering, fine arts, animation and multimedia. Majority of the students from the school readily get employed after completion of their under graduate program or vocational training diploma.

# KEY OUTCOMES

- Montessori teaching method adopted at Pre-Primary level to compensate for the lack of a conducive learning environment at students homes.
- Student Centered Teaching (SCT) introduced in primary school since July 2018. Students Centered Teaching (SCT)- SCT Methodology is being adopted for students of classes I-V Teachers prepare their lesson plans for these classes according to this methodology.
- Class X & XII Board Exams - 100% pass result with all students securing first division marks. In Class X all 25 students secured first division marks whereas in Intermediate 32 out of 33 secured First division. Students

achieved Top positions in Inter School Sports and Extracurricular events

- School has been converted to English medium school till grade 9th as it was originally a Hindi -medium school. Regular on job teachers training being conducted by Mrs. Sabira and Mrs. Shamim.
- Mothers Meet of Class L. N. Mothers of Lower Nursery students were briefed by teachers of Lower Nursery on punctuality and neatness and were advised to follow the basic rules of personal hygiene and healthy eating habits.
- In session 2021-2022 teachers of Unity College 2nd Shift conducted online as well as offline classes due to Covid 19.

The academic session 2021-22 was full of new challenges for the teachers, students and administration of Unity College. Making a shift from traditional to online teaching was a major challenge to the educators. This unusual situation was tackled with unmatched dedication, commitment and dexterity.

- **Independence Day Celebration-** The 75th Independence Day was celebrated at Unity College Second Shift. Staff attended the flag hoisting. Students of Montessori celebrated it with great zeal. They had online activities on Independence Day.

- **Red Day** – Red day was celebrated among the students of Montessori classes. It was a wonderful learning activity which helped children to understand the concept of primary colours. To mark this day very special, the students and the teachers were dressed in red clothes. Classes were decorated with red balloons. Students also enjoyed the craft activities of making red paper cards, red crab and fish, red flowers and heart shape craft. Over all it was an everlasting learning experience for the students.

**PRINCIPAL STAKEHOLDER:** TMT is very grateful to its principal donor the M/s CJMF Foundation of Toronto Canada and its trustees and for owning this project. We applaud their generosity and dedication to transform our youth through education.

- **Taqreeri Muqabla:-** Students of Unity College 2nd shift participated in Taqreeri Muqabla and Naat Khwani held at Ameerudaula Islamia Inter College, Lucknow on 9th October 2021.

Our students Saba Fatima and Azra Fatima secured 1st prize in their groups.

- **Motivational-cum-career counselling @ Unity:-** A three-day comprehensive Career Counselling was held at Unity College for classes IX to XII of all the streams-Science, Commerce and Humanities, commencing from 5th April continued till 7th April, 2022. A teacher by profession, Mr. Raza took five consecutive, all inclusive sessions with coordination of College Counsellor Ms. Nisar Fatima. Class XI of Unity College Second Shift attended this session

- **Counselling @ Era University, Lucknow** On 25th March, 2022, School of Liberal Arts & Sciences (offers

B.A./B.Sc. Liberal Arts) -Era University, Lucknow organised the Career Counselling Session for Classes XI and XII of Unity College and Unity College II Shift. Being the 1st University in UP to start Multidisciplinary Education as per NEP-20 (New Education Policy), it offers various courses in Contemporary Civilization, Creativity and Life Skills.

Prof. Swati Josh and Dr. Manal from the University addressed the students. The session proved to be very useful as the students felt abreast with the new trends in studies and services.

- **Coivd 19 Vaccination Camp:** on 13th, 17th and 18th January 2022

Vaccination Camp was set for students of 15-18 years.

Dr. Andleeb Rizvi and her team from the Health Department administered the vaccination.

## CHALLENGES :

- Time constraint due to two shifts limits sports and computer literacy activities.
- Male students lagging behind the female students academically and in other curricular activities
- Being first generation to the school they don't get little support at home with homework, proper upbringing, health care and hygiene. Majority of the parents are uneducated hence there is a strong need to inculcate in them awareness, manners and appreciation of the importance of proper education for children. Our team maintains a regular interaction with the parents on these aspects.

## Way Forward »»

- » Focus on regular training programmes for the teachers for improving the quality of teaching.
- » Students come from the marginalized section of society hence structured programmes to be developed for improving their communication skills.
- » Need to develop a plan to enhance the overall academic performance and personality development of male students.
- » Plans to enhance participation in sports by organizing more inter-collegel sports events to foster sports excellence.
- » Special program to be launched to educate mothers on upbringing of children in a proper manner.

**UNITY PVT. ITI**

Founded in 1995-96, Unity Pvt. Industrial Training Institute (Unity Pvt. ITI) functions in a 30-room setup on the campus of Unity College to provide diverse vocational training courses to youth to support employability. There is continuous focus on improving the quality of training delivered in order to reflect the changing industrial trends while at the same time adhere to government guidelines. Initiatives in the pipeline include the construction of a new building exclusively for Unity Pvt. ITI; purchase of equipment as per latest QCI standards, working at grassroot level to counsel youth to opt for vocational courses as a path towards employability and the establishment of a dedicated placement cell. The institute has 250 trainee enrollments in NCVT affiliated trades and 200 in short-term courses. Following courses affiliated with NCVT, Govt of India are available for training in the Unity Pvt. Industrial Training

Institute was founded In the year 1995-96 with a clear objective of providing relevant vocational training to youths and equip them with necessary skills for gainful employment. Our focus is on improving the quality of training in order to reflect the changing industrial trends while at the same time adhere to government guidelines. Initiatives are in the pipeline including the construction of a new building exclusively for Unity Pvt. ITI; purchase of equipment as per latest QCI standards, working at grassroot level to counsel youth to opt for vocational courses as a path towards employability and the establishment of a dedicated placement cell. The institute has 240 trainee enrolments in NCVT affiliated trades and 190 in short-term courses. Following courses affiliated with NCVT, Govt of India are available for training in the Institute: Draughtsman (Civil), Computer Operator and Programming Assistant

(COPA), Sewing Technology, Basic Cosmetology (formerly called Hair & Skin Care), Refrigeration and Air Conditioning Mechanic and Electrician. The short-term Courses running in institute includes– Fashion Designing, Beautician, Cutting, Sewing, Spoken English, Personality development, Auto CADD, Tally, Office Automation, DTP, CCC, C++, and Java etc. Regular sports, extracurricular activities, recreational, educational and Industrial tours are organized for the students.

## HIGHLIGHTS

- 100% pass results with students scoring more 75% on an average. 100% placement in all previous years. This year seven pass out students have been appointed in different government Departments and corporations.
- In addition to MOU's signed with IL&FS and Godrej / Disha, this

- Institute is also in partnership with Cadd Centre, one of the leading institutes of cadd training in the country to provide best Auto CADD training to our Draughtsman Civil Trainees.
- Apart from Auto CADD, the training of 2D and 3D software has also been introduced in the course. Recently a batch of 18 trainees has received Auto-CADD (2D & 3D) training in the institute.
- GODREJ Center of excellence was established in collaboration with Godrej / Disha in this institute is functioning superbly. More than 100 students have been trained and most of them are employed and the remaining are now self-employed after this training.
- Production Centre under the instructor of Cutting/Sewing short term courses is running smoothly where our pass out students are doing stitching work of

uniforms and other garments and they are being paid as the skilled tailors are paid in our Tailoring Centre.

- Accreditation by NIELIT, Ministry of Electronics & Information Technology is in operation. The Institute is authorized to register students for CCC course and many batches of CCC have successfully completed their training and one batch comprising of 14 students is under training.

## KEY OUTCOMES

- Appointment of Full time Vice Principal to mobilize youths from community to join vocational courses and Industrial tie up with reputed manufacturing units.
- Renovation of Principal, Administrator and Reception room in Institute

- One online UPS and two Inverters have been installed for uninterrupted power supply to computers as computer based examination system has been introduced by NCVT.
- Two batches of students completed course from Godrej Centre for Excellence which is imparting training in air-conditioning, refrigeration and home appliances running under UPITI under MOU with Godrej / Disha.
- Workshops upgraded with equipment as per revised NCVT norms and industrial requirements.
- Industrial and academic partnerships in other vocations are in the pipeline.
- Many leading corporate namely Godrej, Daikin, Johnson Lifts, L&T Switch gears visited UPITI for recruitment and training in this institute,

**The endeavor is supported by Mr. Mustafa Kassam and M/s Sajjadiyya Trust, Canada.**

### CHALLENGES

- Development of New Campus on hold due to constraints in statutory requirements for seeking government approval of plan layouts.
- Severe space constraints in the existing setup hampering development.
- Scarcity of trained instructors as per modern industrial requirements.
- Lack of awareness and eagerness among average and below average students to opt for vocational courses.

### Way Forward »»

- » Need to invest in new and futuristic vocations that have high employability.
- » Design a campaign to raise awareness on vocational training to sensitize community on the value of skill-based learning.
- » Link a short course in entrepreneurship to make the students proficient in managing their own small businesses.

## UNITY VEDA COLLEGE OF MEDIA & ANIMATION

Unity Veda College of Media & Animation was established in the year 2016 With the objective of promoting and nurturing the creativity of the students who are willing to learn Graphic designing, Animation and Visual Effects.

It is a part of Unity Pvt. ITI , funded by Tauheedul Muslimeen Trust and established in association with P A Inamdar College of Visual Effects, Design & Arts (PAI-VEDA College) Pune—reckoned to be one of the leading animation colleges in Pune.

Third batch of students has now appeared in their final examination from the University.

UVEDA runs on the motive of “Learning by Doing“. The College offers best industrial

exposures during the course so that students can get more aware of the technology and professional world. This way the students are more prepared than any other animation institutes or gaming schools.

Some other related courses viz. Diploma in Graphics & Animation and many Certificate courses of short term duration in Graphic Designing, Multimedia, Web Visualizing, Graphic Visualizing, Digital Art, Pixel Painting etc. are also successively in operation.

U-Veda has latest infrastructure with all advanced software tools required for 3D Animation, VFX & graphic designing and an in-house studio is also available.

## HIGHLIGHTS

- UVEDA is running various courses in the field of Animation & VFX. The main program is B.Sc. in Media, Graphics & Animation, which is a 3 years full time degree course affiliated with Yashwantrao Chawan Maharashtra
- Open University, Nasik. Other than that UVEDA offers various short term Certificate and Diploma programs.
- UVEDA offers a combination of offline and online education systems that is more sustainable. And by this dual learning medium, students interact with the Pune Faculties with Online Mode and Lucknow Faculties by having Offline classes.
- Veda Faculties been have updated as per the Industry Standards and are continuously in process of learning new software and technology.
- Syllabus of B.Sc. FY, SY & TY has been completed successfully and students are prepared to appear in their final exams in pune.

**The endeavor is supported by Mr Mustafa Kassam and M/s Sajjadiyya Trust Canada**

## MAJOR ACTIVITIES

- Veda organised various workshops for students. These workshops were taken by the Industry Experts like Mr. Prateek Rastogi, CEO Red MonstorStudioz, Lucknow & Mr. Safal Kapoor, Creative Head Miniclip.com
- Veda has organized various workshops other than Animation Industry like Digital Marketing, Personality Development, English Speaking Skills etc. to provide special knowledge which is very essential to survive in the Industry. The endeavor is supported by Mr. Mustafa Kassam and M/s Sajjadiyya Trust, Canada.
- A work Shop on Soft Skills & Personality Development was organized and Mr. Zain Abidi, Asstt. Professor BBD College Conducted the workshop.
- In collaboration with Josh Talks, A leading Youtube Channel UVEDA Organized a Talk show, where many great Personalities of Lucknow and other cities visited our college for sharing their life experiences and success.
- All students visited HunarHaat at Awadh Shilpgram Organized by Ministry of Minority Affairs, Delhi.

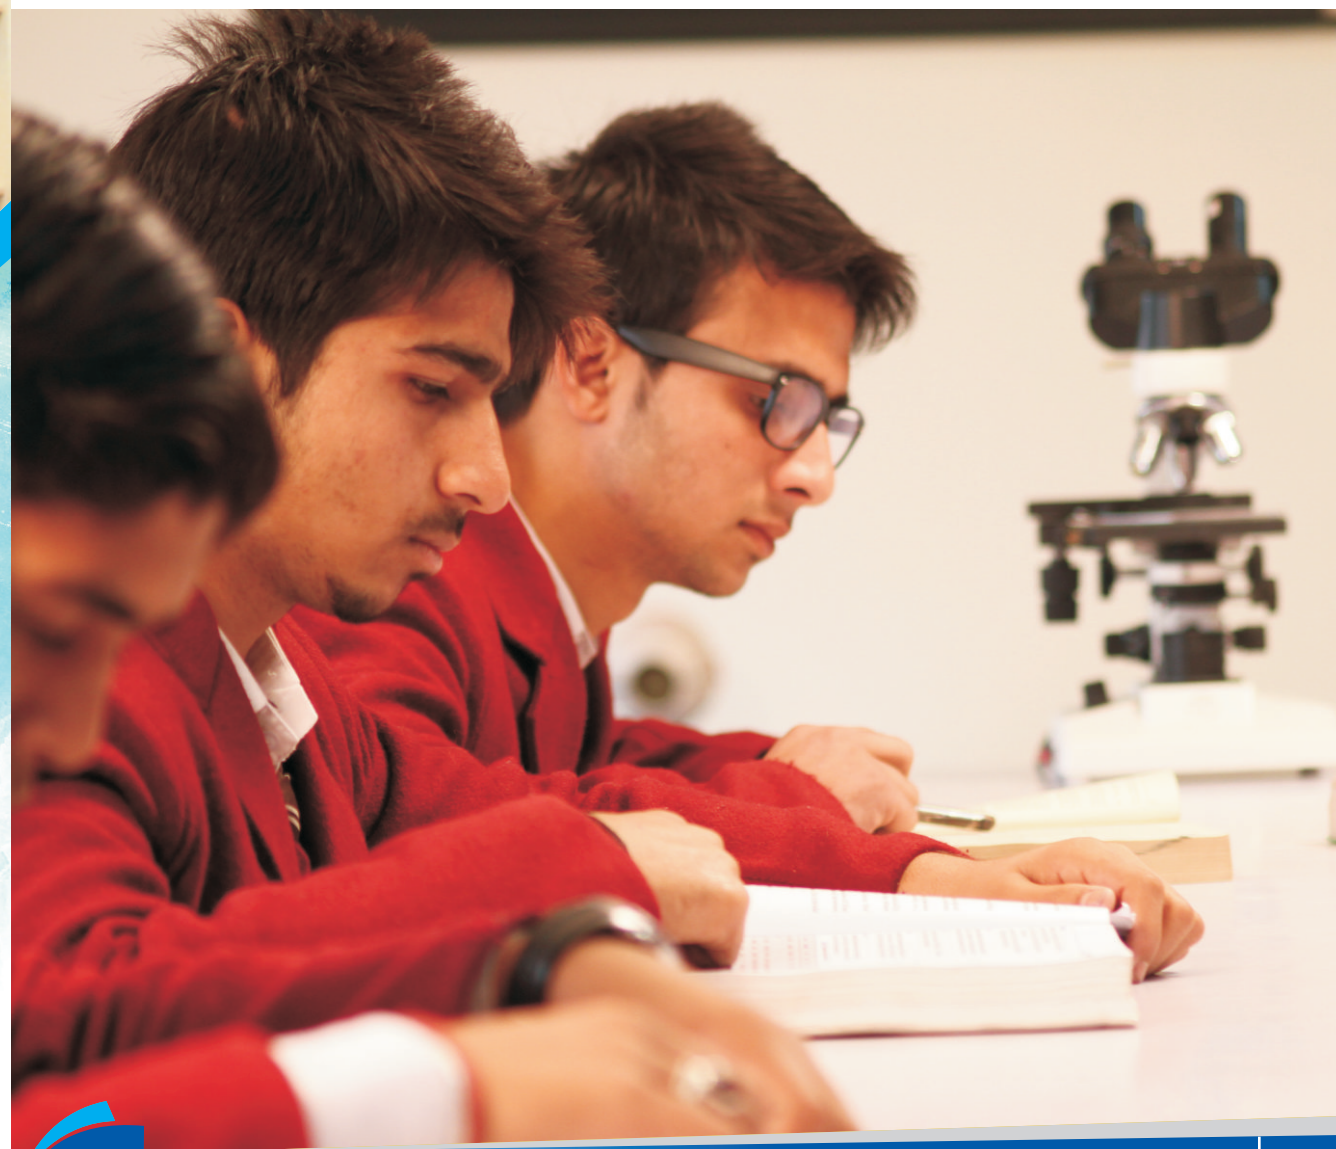

## M. U. COLLEGE, ALIGARH

MU College, Aligarh, is one of its kind academic institution which imparts a unique blend of modern education and Islamic theology to students from primary up to Intermediate .The college is affiliated to the Council for the Indian School Certificate Examinations (CISCE) and endeavours to create holistic individuals capable of contributing positively to society.

The college has excellent infrastructural facilities spread over an area of 1,26,000 sqft. It boasts of a well stocked library having around 10,000 books, well-equipped science lab, sprawling play ground, computer lab, auditorium and conference room , Hostel accommodation for 300 students and allied state of the art facilities.

## HIGHLIGHTS

- Kidszeel (Under the Aegis of M.U. College) started in the session 2020-21. We have now Play Group, Nursery, LKG, UKG, I, II & III classes in Kidszeel in current session 2022-23.
- 100% result in ICSE and ISC examinations.
- On-campus Health Clinic provides preventive, diagnostic and treatment facility for students and staff  
Regular career guidance and counseling
- Independence Day Celebration was organized on 15th August 2021. Prof. Waseem Ahmad (Proctor, Aligarh

Muslim University) attended the Independence Day programme as Chief Guest.

- Annual Sports Day:- Annual Sports Day was celebrated on 18th November 2021 just after Investiture Ceremony

Guests from United Kingdom (U.K.) visited M.U. College on 21st October 2021 with Mr. Najmul Hasan Rizvi Sahab (Secretary General). They visited classes and interacted with the students of M.U. College. Prof. Ali Mohamamd Naqvi (President), Dr. Ali Nawaz Zaidi (EC Member), Mr. Syed Mohd. Haider Naqvi (Principal) were also present.

**PRINCIPAL STAKEHOLDER:** TMT is very grateful to its principal stakeholder M/s Sajjadiyya Trust, Canada and its trustees for owning this project.

## KEY OUTCOMES

- 100% result of class X and XII Board Examinations
- Investiture Ceremony programme was held in the Auditorium of M.U. College on 18th November 2021. Mr. S. Farooq Ahmed, Director, Aligarh Convent School Aligarh was invited as the Chief Guest.
- Tree Plantation Drive was organized on 23rd July 2021. Dr. Raza Abbas (Manager), Mr. Syed Mohd. Haider Naqvi (Principal) and Mr. Syed Kalbe Sibtain (EC Member) planted the tree on the backside of the college building.
- Fancy Dress Competition was organized for the students of Kidszeel on 24th December 2021.

- Interhouse Football Tournament- Interhouse Football Tournament was held in September 2021 in both Junior & Senior group. In junior group Allama Iqbal House won the tournament and in Senior group Sir Syed House won the tournament.
- Interhouse Cricket Tournament- Interhouse Cricket Tournament was held in November 2021. In Junior group Gandhi House won the tournament and in Senior group Mother Teresa house won the tournament.
- Triangular Cricket Series - Triangular Cricket Series was organised in February 2022. Mother Teresa House won the triangular cricket series.

## CHALLENGES

- The Pandemic had severely impacted the functioning of the college and all activities of the college were adversely affected. Covid protocols demanded curtailment of many activities and closure of the hostel which adversely affected the studies.
- Students in MU College generally come from remote areas with weak academics and poor communication skills particularly in English. Improving communication skills of the students is a major area of concern . TMT is very grateful to its principal stakeholder M/s Sajjadiyya Trust of Canada and its trustees for owing this project.
- Due to poor fee paying capacity of students and lower than optimal strength of students, MU College is a highly subsidized and deficit making institution, the deficit deepened severely due to COVID lockdown.
- Enrolment short of reaching its maximum capacity both at school and hostel.

## Way Forward »»

- » Enhance awareness about the school and its quality facilities amongst Aligarh residents in order to increase enrolment of day scholars.
- » Emphasis to be given to the improvement of English communication skills of students.
- » Conceptual knowledge in core subjects to be imparted through remedial classes wherever needed.
- » Narrowing down on deficit through cost control & enhancing enrolment of students.

## UNITY EDUCATION PROGRAMME

Unity Education Programme was launched in 1999 with concept to provide free quality education to under-privileged children.

When a child is born into an impoverished family, they enter the first phase of a long and challenging cycle that can run for generations.

Education is the only tool to help children to break this cycle of poverty. With the same objective, Unity Education Programme was started in 2004 with 11 students.

The Programme has filled the children and their families with hope and presently 1170 children are getting benefited and moving forward towards their bright future.

The Covid-19 pandemic has disrupted the education sector globally in last two years.

Schools for pre-primary, primary and

junior students have mostly been closed for two years due to pandemic.

Online classes were conducted regularly and properly for all the classes.

Though, all the schools under UEP network tried their best to impart education through online classes and the students were in touch all the time and learning everything, they were missing virtual classes badly. Students in higher classes can deal with a virtual classroom, but pre-schoolers and younger children don't have the capabilities to stay focused for that long.

In view of the decreasing Covid-19 in the state, schools are reopened from 7th February'22 and the education scenario started looking positive from classes Pre - Primary to XII. All the students are very happy after rejoining school and meeting their friends after a long time.

### HIGHLIGHTS/ACHIEVEMENTS

- Survey of the new families is done every year to find out the children to be enrolled in Lower Nursery Class-452 children listed out for the session 2022-23
- Resurvey of the old families revealed the Resurvey revealed that lockdown has resulted into unemployment, migration, diseases, casualties, etc. and disturbed almost all the families
- Aid to the Deserving Families provided to the families as Monthly Ration, Ramzan Ration, Blankets Distribution, etc.
- Registration for Admission - 600 registrations for the session 2022-23 shows desire of illiterate people to send their children to school - their concern from literacy to education - and that was the dream of Maulana Kalbe Sadiq Sb.
- Academic Visits to All the Schools to

Check the quality of education, copy correction, teaching methodology, etc.

- Conduct Work Shops and Training Session for teachers
- Conduct Counseling Sessions for the students
- Organize Parents Awareness Programme
- Family Visits to know the home environment
- Maintain Monthly Attendance Record of Students
- Annual Average Attendance for Session 2021-22 is recorded as 90%
- QCT Conduction (Quality Control Test) for all the UEP Sponsored Students every year before the Annual exam. The QCT is being conducted in all the UEP connected schools for last 10 years. It evaluates the students mainly in English,

Science, Math, Computer and General Knowledge. It has also become a tool to cross check the authenticity.

- Mid Term QCT (Quality Control Test)
- Students studied mostly on online mode for about 16 months, therefore to check the performance of the students, this year, a Mid Term QCT was also conducted in December.
- On the basis of the result, more attention was put on areas where students were weak.

### KEY POINTS

- Safety and Support to the children
- Developing them into well-rounded, confident and responsible individuals
- Increasing Future Employment Opportunities to lead a respectable Life
- Ability to change the educational culture within their families

**PRINCIPAL STAKEHOLDER:** TMT is very grateful to its principal donors the M/s CJMF Foundation of Toronto Canada and its trustees and M/s The Mainstay Foundation of U.K for owning this project. We applaud their generosity and dedication to transform our youth through education

### SCHOOLS UNDER UEP NETWORK

- Students enrolled in 20 schools in different villages, districts and cities of Uttar Pradesh and West Bengal
- Affiliated to ICSE, CBSE and State Board
- School buildings are nested in lush green pollution free environment Spacious and ventilated class room Well Equipped labs, library and abundant space for parking, sports and other school related activities
- An extremely strong team of well qualified, talented, skilled, computer literate teachers.

### BOARD EXAMS 2021-22

- Due to pandemic the syllabus was not complete in all the schools so Board Exams are being conducted late this year.

- In ICSE Board Exam, 26 students are appearing for class X and 11 students for class XII
- In CBSE Board Exam, 27 students will appear for class X and 06 for class XII
- U.P. Board Exams are over and total 83 candidates appeared for class X and 53 for class XII

#### CO-CURRICULAR AND OTHER ACTIVITIES

- On Account of Diwali, celebrations were made in the school. The students participated in various activities and made beautiful Diyas (earthen lamps), Rangoli, cards, etc.
- Students participated in Debate and Speech Competition also and performed well.

- Children's Day was celebrated with full zeal and chocolates were distributed among children. Teachers also presented programmes to entertain the students on the occasion.
- Christmas Day was celebrated with a lot of enthusiasm. The school was decorated for the occasion with posters and Christmas trees. All the students and faculty members were very excited for the celebration. Santa (in disguise) distributed chocolates and candies among children as well and made them happy.
- In December counseling session was conducted for the students of classes IX to XII.

- Medical Camp was also organized in December. The overall health conditions of all the students were checked up by the doctors. All the students were found fit. Doctors also advised them how to lead a healthy life.

#### The UEP News Makers are as follows

- The UEP feels proud to have meritorious students who cracked NEET and JEE (Polytechnic). Our students have selected for B. VOC., AMU and two students cracked NEET.
- National Eligibility cum Entrance Test (NEET) is one of the toughest examinations in India to crack. As the only national level medical entrance, the competition is stiff and cracking the exam is not an easy task.

- Joint Entrance Examination (JEE Polytechnic) is a state level entrance examination for admission to diploma courses of Engineering (Polytechnic), Technology and Management.

#### A short snapshot of UEP students after class 10<sup>th</sup> in 2022

Students appeared in Polytechnic Entrance Exam	123
Students qualified the Entrance Exam	104
Students selected for Government Polytechnic Colleges	38
Students enrolled in Unity Pvt. ITI, Lucknow	5
Students preparing for Medical / Engg. Entrance Exam	4

Our aim is to serve the society by making them educated, cultured, employable and self-dependent.

# HIZA (A.S.) CHARITABLE HOSPITAL

Hazrat Imam Zainul Abideen A.S. (HIZA) Charitable Hospital, set up in 1991, runs as a joint project of Tauheedul Muslimeen Trust and Al- Imaan Charitable Trust Mumbai.

The Hospital provides medicines at nominal rates to those below the poverty line without any discrimination on the basis of caste, creed or religion. Services rendered by HIZA hospital are dictated by our concern for providing healthcare to the marginalized section of society .

HIZA operates exclusively in marginalized area which lack access to affordable and quality healthcare services. All

Its services - extremely beneficial for local residents- are free for widows, destitute, and orphans while other needy have to pay a nominal fee of Rs 6 towards consultation by a qualified doctor and medicines for one day. On an average 300 patients attend the OPD daily.

There are Six MBBS, doctors, four BUMS doctors, One experienced Physiotherapist, two Optometrist and one BDS doctor. The set-up is supervised by Chief Medical Supdt. a Surgeon having experience of about 45 years.

## HIGHLIGHTS

- Extension of Hospital building has completed in 2021-2022 With the support of Al-Imaan Charitable Trust, Mumbai
- Various medical units have been constructed e.g. full fledged Dental Unit, a big general ward, Minor OT Room, Conference Room, three rooms for optho-operation, a small canteen. A six seater Automatic Elevator has been provided.
- Immunization, diagnostic, and health and wellness awareness camps are routinely organized by HIZA.
- Microscopy DOTS Centre, a unit of WHO in collaboration with government TB Hospital, Thakurganj (Lucknow) is also running at HIZA. The Centre conducts sputum examination and provides quality anti- tuberculosis drugs free of cost.
- Launch of Homeopathy Centre .

## MAJOR ACTIVITIES

- Free Covid Vaccine Camps were organized successfully on 1 st Nov. 2021, 18 th Nov. 2021, 16 th Dec,2021 and 25 th Jan. 2022 with good response from the public.
  - HIZA hospital has worked closely with the NGO by the name of Joint Effort for Elimination of Tuberculosis (JEET) facilitating patients for examination of biological specimen for TB and providing some monetary aid to T.B. patients during the course of treatment.
  - Computers have been installed on every counters and all works are done on them.
- Under Mother and Child Care programme, pregnant poor ladies were provided free medicines, pathology check up and nutritious food.
- Free medical camps were organized during 2 month and 8 days Moharram period on various Imambargahs on

different dates.

- Immunizations and Pulse Polio Programme is also done on Sundays in the Hospital.
- For T.B. elimination a NGO by the name of & Joint Effort for Elimination of Tuberculosis (JEET) worked with HIZA facilitating patients for examination of biological specimen for TB and providing Rs. 500/- to T.B. patients during the course of treatment.
- Regular campaigns were organised for creating medical awareness among the people so as to ensure their good health and well being.
- In this regard patients attending the hospital are educated about personal hygiene, general sanitation, environmental up keep and hazards of smoking and pan masala chewing in particular & other STD, AIDS and communicable diseases, in general.

# RENOVATION & CONSTRUCTION OF NEW FACILITIES

With the generous support of Al Imaan Charitable Trust Mumbai, a whole new floor has been added to the existing building of Hazrat Imam Zainul Abideen (AS) Charitable Hospital.

The hospital now has a more covered area on the ground and the floor as well. With this additional space the hospital is now operating two pharmacies, a full-fledged dental section with the latest chair and necessary gadgets.

The Ophthalmology Section has also received more space with an advance examination / testing machine. Physiotherapy unit has been shifted in a whole new section with new machines for physiotherapy.

The hospital now has a conference room and a dedicated ward to admit patients. Subsequent to the awaited approval from the state Government, the hospital shall be able to start IPD facilities as well. The hospital now has a 63.5 KVA Silent DG Set to provide backup for the complete electrical requirements of the hospital.

## Way Forward

- » Establishing In-Patient facilities with at least 20 beds in the hospital.
- » Registration of HIZA hospital with Health Insurance Agencies and with CMO Lucknow, so that Govt., semi-govt. and private sectors, employees may get mediclaim payments.
- » Installation of Digital X-Ray Machine for all types of X-Rays and an Ultra-Sound Machine.

## MEDICAL AID PROGRAM

An official report has estimated that an enormous number, say more than 6 crore people slide into poverty every year due to excessive and unexpected expenditure over healthcare which neutralizes the gains of rising income and various government schemes aimed to reduce poverty.

TMT's Medical Aid Program aims at tackling this serious issue of healthcare access and affordability. It offers medical aid to those below the poverty line through a network of hospitals for free or at a nominal cost. As part of cooperative partnerships between hospitals and TMT, patients are treated at nominal rates in select hospitals. In addition, TMT's donors enable the former to bear a share of the costs for diagnostic, procedural and medication fees.

Total of 925 patients were supported at TMT towards treatment, minor surgeries, medicine, Ultra Sound, X Rays, MRI , CT Scans, and host of other Pathological tests.

### LIFE SAVER CASES

In collaboration with M/s Sajjadiya Trust, M/s CJMF Foundation of Canada & M/s The Mainstay Foundation, UK, TMT offers life Saver Program. To date, more than 47 critical care patients in life-threatening conditions have received intensive care treatments under this program.

In a number of cases the patients have been facilitated to avail substantial grants from Government towards the high cost of life saver treatments.

TYPE	NUMBER OF PATIENTS TREATED	TOTAL AMOUNT SPENT	AVERAGE COST PER PATIENT
LIFE SAVER CASES	47	INR 1,522,000	INR 32,390
GENERAL MEDICAL CASES	925	INR 1,036,000	INR 1,120
Total	972	INR 2,558,000	INR 2,630

### KEY OUTCOMES

Patients are offered financial assistance for regular treatment at TMT's designated hospitals and at ERA'S University's Hospital. Support is also provided for pathological, diagnostic tests and medication as per doctor's prescription.

On a daily basis about 250 to 300 patients attend TMT's HIZA outdoor hospital where they get consultancy and medicine at a token cost of rupees ten.

Efforts are always made to seek government funding to subsidize treatment of life saver cases at SGPGI and King George Medical College, Lucknow.

Total of 972 cases were covered under medical aid program during 2021-2022

All bills are paid directly to the hospitals, pharmacies and diagnostic centers.

Life saver cases are also supported by the trust mainly at SGPGI and KGMU (Reputed

Government hospitals). On an average, TMT supports around 30 such cases every year. HIZA (AS) Charitable Hospital played an important role in eradication of tuberculosis (TB) from the surrounding area through its WHO sponsored DOT centre.

CHALLENGES

- Identifying and eliminating those who tend to pose as needy and try to avail benefits even though they can afford or try to seek assistance from multiple sources.
- Limited resources and large number of needy applicants who don't have

access to affordable medical services. Scope limited to Lucknow or to families of children enrolled in our free education program.

- In absence of government supported free medical assistance program the cost of treatment at private hospitals is high and at times not even reliable.
- Underprivileged families with no education end up seeking medical assistance from unqualified medical practitioners in their locality which often causes more harm than good.

WAY FORWARD

- To set up more OPD clinics managed by qualified doctors.
- Enhancing the capacity and services at the existing outdoor clinic HIZA.
- Promote educative & preventive health care, especially among underprivileged families.
- Work to identify a medical insurance plan whose premium is affordable and can be supported by TMT.

The Life saver program is offered through us by the M/s Sajjadiya Trust, M/s CJMF Foundation of Canada & M/s The Mainstay Foundation of UK.

IMPACT

**Mr. Syed Hasan**, of Lucknow, aged about 36 years was suffering from severe cardiac issues and doctor advised him open heart surgery which brought the unsuspecting family into great distress. Mr Hasan, a zari worker, was the sole earner for his wife and 3 daughters. The illness rendered him out of work and made it difficult even to arrange two square meals a day. His two daughters are studying in class 6th and 4th in Unity Mission School while the youngest daughter of 4 years is still to get admitted in school. The family, completely bewildered, approached us. We, at TMT, arranged monthly ration for family till Mr. Hasan gets well and joins work. We got him admitted in ERA and under special package his open heart surgery was conducted at ERA'S Medical College, Lucknow under complete TMT sponsorship at a cost of Rs.1,60,000/-. Mr. Hasan is stable and now he is taking care of his family, without anyone's support.

**Ms. Syeda Zia**, of Lucknow, aged about 35 years, suffered from Triple-negative breast cancer. Her husband has a small shop whose income was just sufficient to look after the sustenance of the family and education of three daughters. The eldest daughter is in class 7th the second in class 5th while the younger is 6 years old and delayed for school due to financial reasons. The husband approached us after failing in his best attempts to arrange resources for the treatment. The family was quite discouraged as post Covid scenario was fairly gloomy and presented little hope. We found the family genuine and in dire need of financial support to immediately combat the disease lest it may turn fatal. Substantial help was immediately extended to get the lady treated at Lucknow Cancer Institute, a reputed specialty center for Cancer. The treatment was effective and she completely recovered. She is now living a normal and happy life with her family.

## MOTHER AND CHILD CARE PROJECT

To improve upon the mother and child health from pregnancy till the first birthday of the child TMT has initiated a Mother and Child Care Project (MCCP) for 50 deserving mothers with an objective to improve upon their overall health and wellbeing on standard medical parameters.

We identify expecting women belonging to underprivileged families in their initial stage of pregnancy enrolled in: HIZA outdoor Clinic managed by TMT in Lucknow, ERA hospital Lucknow, UEP (free education Program) families and others visiting TMT.

Procedure:

Underprivileged and undernourished mothers

with dietary deficiencies are identified in consultation with professional gynaecologists.

Team:

Our team at TMT seek professional help of gynaecologists, paediatricians, dieticians and counsellors

We make available:

Prenatal and postnatal care under supervision of specialists.

Medication-supplements-balanced healthy diet,

Counselling (Importance of breastfeeding-Health and hygiene-child care-Psychological) Vaccinations.

The endeavor is supported by M/s The Mainstay Foundation, UK.

### IMPACT

Naseema\* got married 5 years back in a joint family set up in Dargah locality of Lucknow. Naseema's marital household consists of- a mother in law, sister in law, brother in law and his wife and her own husband. Naseema has a slight limp in her leg that has always made her conscious about her physical appearance and often stopped her to go out in social gatherings as she always feels a sense of otherness settling in her an embarrassment about her disability. Ever since her marriage, Naseema and her husband wanted a child. In the last five years, the couple experienced several miscarriages just before entering the second trimester. This further drained the mental capacity of Naseema. This time, TMT found Naseema in her second trimester and worked closely with her so that she is able to deliver a healthy baby. Home visits were conducted by female staff members so that the beneficiary gets a sense of comfort and trust. The entire family system was involved

and counselled. Spiritual counselling also played vital role and we managed to minimize the haunts of traumas from the past and also helped in creation of favourable atmosphere. An essential support system was found in the mother in law who helped Naseema battle the odds she was facing.

Naseema was furnished with nutritional boost packets so that her body is able to better sustain her pregnancy. This was done in consultation with a certified nutritionist and doctor. The joint efforts of TMT and the family system resulted in Naseema delivering a healthy baby boy. The organisation is still connected with Naseema for her bi-monthly check ups and supply of nutritional packets that is tailored for the bodily needs of a lactating mother.

\*Name changed to protect the identity of the beneficiary.

## GENERAL AID PROGRAM

### KEY OUTCOMES

We cover Monthly Monetary Assistance, House Repair and Micro Finance for Small Businesses.

Elderly people with disabilities / disadvantages are assisted through Monthly Food Aid /Monetary Assistance to help them live with dignity.

Micro finance program enabled many youth and jobless to become financially independent.

To mitigate the catastrophic effect of COVID-19, TMT extended aid of INR 14 million to around 6000 beneficiaries.

### CHALLENGES

1. Need is huge, resources are limited and with our priority being Education and healthcare we fail to scale up this program. We mainly keep it confined to Lucknow and those towns where we have our unity education program (UEP).
2. Identifying and eliminating professional / habitual beggars who tend to pose as needy and try to avail benefits from everywhere possible.
3. To educate and change the mind set of people to take up vocations and micro businesses.

### WAY FORWARD»»

- » Plan has been developed to promote and scale up self-employability through vocational training, entrepreneurship training and micro financing.
- » To establish a separate cell headed by a professionally experienced person.
- » Enrolling needy families and individuals for government funded aid, support, finance programs by establishing a government designated enrolment centre under TMT management.

### IMPACT

**Mrs. Bashrat** along with her ailing husband and 7 children lives in a rented accommodation in Old Lucknow. The family was in shambles with no hope in sight when the lady visited TMT for assistance. The TMT immediately stepped in extending multidimensional help to the family. The ailing husband was provided prompt medical attention to save life but the gentleman is still not capable of working to earn for family. The children were enrolled in schools but unfortunately only two daughters are continuing while others dropped off. Eldest son is 14 and he, with TMT's financial support, has put up a small roadside shop to earn sustenance for the family. The boy is young and earning is not sufficient for a family of nine members thus TMT is regularly providing monthly ration to the family to keep them afloat. We are constantly working with the family to again and again enroll the children in the school so that they may become future engines for the family.

**Mrs. Rubi** lost her husband and finding no support with the in-laws returned back to Lucknow to her mother. The situation here was not rosy as the family is not capable of supporting the widow with three children. The lady was referred to TMT and we comprehensively worked to rehabilitate the widow and her children. The lady had medical issues for which she was sent to Era and surgery was conducted at the expense of TMT. The two daughters and a son were admitted to a nearby school and scholarship was extended. After she recovered, she was provided six months of training in a professional Institute for sewing and stitching. All this time the family was provided a monthly ration for sustenance. She is now in a position to stand on her feet and take care of her basic family responsibilities. Note: Names have been changed to protect the identity and privacy of individuals.

## THE FOOD AID PROJECT

The Food Aid Project provides underprivileged families with uncooked food ingredients. We deliver Food Packets to the deserving families during the holy month of Ramzan.

This year, we reached out to 5281 families with a total budget of INR 11 Million. TMT team tried to cover the underprivileged families from within the community and non community as well.

We did not limit ourselves to Lucknow only rather we distributed food bags in other cities of Uttar Pradesh. The bag was good to last for a month for a family of five members.

### CHALLENGES

With our previous years' experience, we were successful in mitigating the challenges.

1. The price volatilities were very high and

supplies were highly erratic amid Russia –Ukraine war uncertainties, probabilities of on setting of fourth wave of COVID and elections in our State of Uttar Pradesh.

2. Multiple vendors were contacted and among them three were finalized with slight variation in their rates for the same commodities and quantities.
3. Duplication, as usual, posed a challenge but not a major one as there were very few food hampers were distributed by some individuals / organisations.
4. Though we have combed the pockets for deserving families but we still fear that reaching out to a few left over families is still a problem. They are suffering silently and are not aggressive enough to avail food stuff that is being distributed.

### WAY FORWARD

- » Plans are in place to include more places outside Lucknow..
- » To ensure that everyone has a ration card and the families avail the subsidized food grains through government ration shops
- » Working with the poor families to counsel them for making them self dependent.

## EDUCATION AID PROGRAM

TMT strives to maintain transparency when it comes to connecting its generous donors with beneficiaries of educational aid. A thorough screening and verification process ensures that only genuine cases are benefitted. Moreover, since the funds are released directly to the institutions where the beneficiaries secure admission, their misuse is ruled out. The Trust aspires to be able to assist more and more young people realize their dream.

### KEY OUTCOMES

Meritorious students were encouraged and supported to join preparatory coaching for competitive exams for medical, engineering, law, fashion designing and banking.

Yearly disbursement of INR 19 million approximately to around 1930 beneficiaries/students from primary to higher professional education on merit and means basis.

Collaboration with professional educational institutes in Lucknow to secure concessional fee package for students sponsored by TMT.

Career counseling and guidance was made compulsory part of the educational aid disbursement process.

TMT assessment test (TAT) was introduced over and above regular evaluation process to make it more stringent and inculcate sense of competition within students at an early stage.

Students scoring well in TMT we offered Bonus Scholarships (with additional amount) as to assist them in seeking admissions in better accredited schools.

### CHALLENGES

Most students are not ready to prepare aggressively for competitive exams to get enrolled in accredited courses. They end up enrolling in substandard private institutes with not so futuristic courses.

Not an encouraging result of facilitation of students to avail govt. grants/ scholarships. Many students dont have a sense of responsibility towards repaying for fellow students in need either directly or through the Trust.

Resources are limited while need seems unlimited – hence scaling of program is

difficult to achieve. Students have false notion that graduation shall earn them white collar job & dont opt for vocational courses where chances of employability & entrepreneurship are high.

### WAY FORWARD »

- » Need to scale up the program both in terms of numbers and outreach to other community clusters in Uttar Pradesh.
- » Providing regular guidance and career counselling sessions for students with an objective that they make correct career choices based on their interest, aptitude and academic merit. Pursue education from accredited institutions. Give due weightage to opting for employability driven vocational courses.

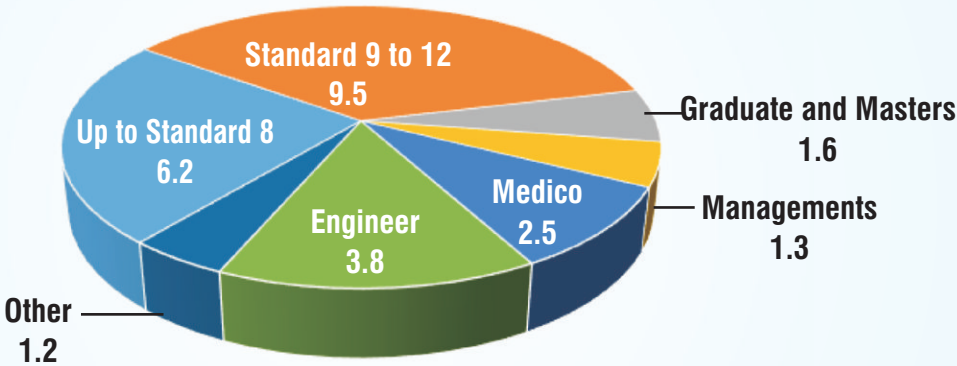

Working towards making the beneficiaries responsible towards repaying back once settled in life.

### IMPACT

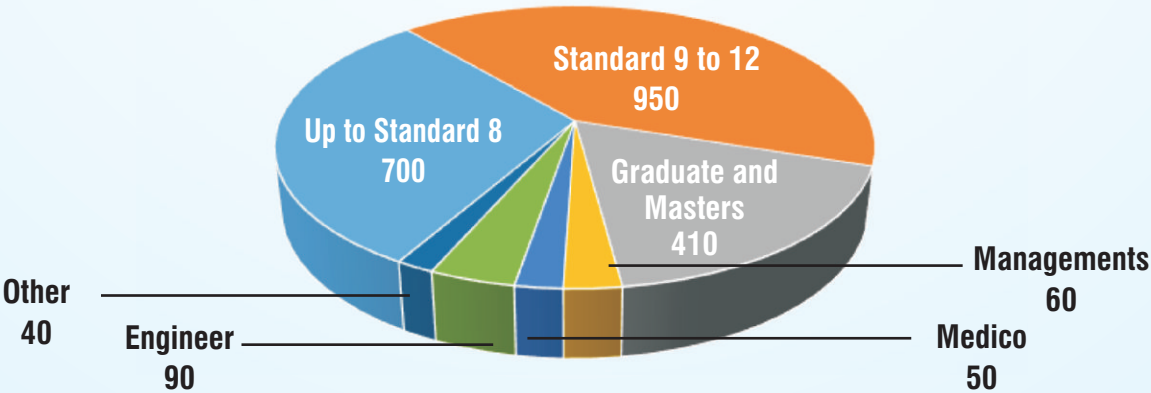

Ms. Syeda is epitome of determination and a beacon for scores of students. She has beaten all odds to succeed. Syeda comes from a humble family of Uttar Pradesh. She is the only and worthy child of her parents. The father was in zari work but as the prospects of zari dwindled, the self-respecting gentleman switched over to e-rickshaw to sustain the family. As fate may have it that he fell ill. A philanthropic organization readily supported his treatment which continues. Syeda has been financially supported for education since her school days. She studied in a little known UP Board school but after her class XII, her focus, clarity and determination convinced TMT that she shall achieve her aim. She was supported for a premier NEET Coaching in Lucknow. The first attempt did not earn her a position but the result was not discouraging either. She took another attempt and she secured a good rank that earned her Government Seat in a Government Medical College in UP for MBBS! TMT is strongly standing with her and catering to all her financial needs for her MBBS studies.

# WHAT OUR BENEFICIARIES SAY

Dear Sir,

I express great heartfelt thanks for the help and financial assistance provided to me during my very hard time.

It was the time when I had much determination but little resources, I was confident but without financial support to pursue my dream. At such time, TMT came to my rescue and supported me all through my B.Tech and M.Tech.

I owe a great part of my success to TMT. I feel that it is because of the support of the Trust that I am Assistant Professor in an Engineering College in Lucknow.

I will always remember TMT, especially Maulana Dr. Kalbe Sadiq Sahab for his kind support.

Long live TMT.

**M F Hasan**

I record my sincere appreciation for the crucial support of TMT which I received for my B Tech and M Tech. from Integral University.

greatly needed financial support because when I completed my class XII, my father retired and with a meager pension it was not possible to pursue Engineering in Private University. I am thankful to the late Kalbe Sadiq Sahab that he encouraged and financially supported me.

Now, I am in the UAE, working for an MNC. It is all due to the support of Maulana Sahab and his Trust.

Thank you.

**Eram B**

Dear Sir,

Thank you so much for showing confidence in me. It is because of the valuable financial help and moral support of the Trust that I have Alhamdulillah cleared my IES (Indian Engineering Services) after my B Tech and received placement in a Government Job in UP.

A boy from a remote village of Ambedkarnagar could not have achieved this position without the financial support of TMT. I am overwhelmed.

May you keep supporting all the deserving students like me and make them shine. Thank you.

**Abbas, IES**

Dear Sir,

How can I forget the affection of our great Maulana Kalbe Sadiq Sahab who always preached and promoted education. I vividly remember his benevolent affection and his inspiring words that motivated me to achieve this respectable position.

I come from a humble family of a watchmaker where financial constraints were a norm. TMT supported me all through my schooling till MBA. I shall remain indebted for the financial support of TMT Team without which I, probably, could not able to work for Bank of America.

May God bless TMT Team and Marhoom Maulana Kalbe Sadiq Sahab who shall remain etched in our memories.

**F Zakir**

# OBITUARY

Inna Lillah Wa Inna Ilayhi Raji'oon\*

**Mulla Hassan Aliredha Nathani**

Our community sadly lost a pillar when “Mulla Hassan Aliredha Nathani left for his Heavenly abode.

\*Marhum was a regular attendee at all programs and a lover of Ahlulbayt with a firm belief in holding Majalis Aza, Azadari, Shabe dari especially inspiring youths to serve Sabil and distribute Niyaz throughout Ashura night at different venues. He played an active role in organizing Kafan-Dafan rituals and served the Managing Committee in various important roles and was a key member in the Tabut Committee.

He led our community in organizing Qoran Khwani in local homes during Mah e Ramadan .He used to manage the Qabrastaan ensuring to arrange Majlises there and was a regular at reciting Majlis in Qabrastaan and Imambargah.

Our heartfelt condolences and prayers are with the entire family during this trying time.

May Almighty Allah (swt) rest Marhum’s departed soul in eternal peace in Jannah and give the family the fortitude to bear this monumental loss - Ameen.

Inna Lillah Wa Inna Ilayhi Raji'oon\*

**Al Haj Muhammed Iqbal bhai Shaban**

It is with sadness that we inform you of the demise of \*Al Haj Muhammed Iqbal bhai Shaban\* who passed away in Dubai on Thursday, 10 February, 2022.

His contribution towards the welfare of our community was noteworthy and his legacy will continue to live on and inspire us.

Our heartfelt condolences and prayers are with the entire family during this trying time.

May Almighty Allah (swt) rest Marhum’s departed soul in eternal peace in Jannah and give the family the fortitude to bear this monumental loss - Ameen.
